AFTER RECESS

The recess having expired, the House was called to order by the Speaker pro tempore (Mr. PEASE) at 2 p.m.

PRAYER

The Reverend Father Mark Moretti, Assistant Pastor, St. Rita's Catholic Church, Alexandria, Virginia, and Chaplain for Diplomatic Security, the State Department, offered the following prayer:

Heavenly Father, in times of tragedy, words fail to express our sense of loss or grief. Our human weakness lays claim to Your strength. We rest in You. We depend on Your care. Console us with the truth that in all the events of human life, the happy and the sad, Your presence and Your love will never depart. Help us to remember that with all of the blessings of this life that You have given us, we hope for a greater life with You, where there will be no sorrow, no tears, and no pain, but only the fullness of peace and joy. We ask this in Your holy name. Amen.

THE JOURNAL

The SPEAKER pro tempore. The Chair has examined the Journal of the last day's proceedings and announces to the House his approval thereof.

Pursuant to clause 1, rule I, the Journal stands approved.

PLEDGE OF ALLEGIANCE

The SPEAKER pro tempore. Will the gentleman from Nevada (Mr. GIBBONS) come forward and lead the House in the Pledge of Allegiance.

Mr. GIBBONS led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

EXTREMIST ENVIRONMENTAL GROUPS SHOULD NOT RUN CONGRESS

(Mr. GIBBONS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GIBBONS. Mr. Speaker, no doubt many of us find it very disturbing that at the same time that Congress is spending billions of taxpayer dollars for thousands of vague Government programs, a number of our more liberal colleagues would vote to destroy the jobs of hard-working minors and families across the United States. It is truly a perplexing and even sad time for my constituents in this Congress.

Paradoxically, many of my colleagues give millions of dollars away to someone who can study the mating habits of fruit flies and yet at the same time vote for an amendment that

would effectively take the food off the tables of thousands of hard-working families in Nevada and elsewhere.

Mr. Speaker, what I would like to tell these families is, why would Congress do this? What will I tell them? Tell them that they and half of their community lost their jobs so that a small handful of hikers did not have to see a mine on their bird watching hike?

I would like to remind my colleagues that a majority of mining States have a cleaner environmental bill of health than most nonmining States in this country.

Also, the millions of dollars in tax dollars paid by mines across the country rule out the "free ride" argument that some of my colleagues would suggest.

Mr. Speaker, sound science and common sense should rule this Congress, not the extremist environmental groups who prey on public emotion.

RUSSIA WANTS ANOTHER \$5 BILLION FROM IMF

(Mr. TRAFICANT asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TRAFICANT. Mr. Speaker, even though Russia still owes \$17 billion to the International Monetary Fund, Russia wants another \$5 billion loan. And experts support it. They say, Russia needs the \$5 billion loan to repay part of the \$17 billion still in default.

Unbelievable. If that is not enough to detoxify your ruble, reports say, "Beware, Congress, Russian politicians have been stealing the IMF money for years."

Beam me up, Mr. Speaker. These experts are not only smoking dope, they are drinking vodka chasers if they expect me to vote for one more dime for a Russian loan. Borrow this.

REPORT ON EMIGRATION LAWS AND POLICIES OF ALBANIA—MESSAGE FROM THE PRESIDENT OF THE UNITED STATES (H. DOC. NO. 106-98)

The Speaker pro tempore laid before the House the following message from the President of the United States; which was read and, together with the accompanying papers, without objection, referred to the Committee on International Relations and ordered to be printed:

To the Congress of the United States:

I am submitting an updated report to the Congress concerning the emigration laws and policies of Albania. The report indicates continued Albanian compliance with U.S. and international standards in the area of emigration. In fact, Albania has imposed no emigration restrictions, including exit visa requirements, on its population since 1991.

On December 5, 1997, I determined and reported to the Congress that Al-

bania is not in violation of the freedom-of-emigration criteria in sections 402 and 409 of the Trade Act of 1974. That action allowed for the continuation of normal trade relations status for Albania and certain other activities without the requirement of an annual waiver. This semiannual report is submitted as required by law pursuant to the determination of December 5, 1997.

WILLIAM J. CLINTON.

THE WHITE HOUSE, July 19, 1999.

REPORT ON NATIONAL EMERGENCY WITH RESPECT TO LIBYA—MESSAGE FROM THE PRESIDENT OF THE UNITED STATES (H. DOC. NO. 106-99)

The Speaker pro tempore laid before the House the following message from the President of the United States; which was read and, together with the accompanying papers, without objection, referred to the Committee on International Relations and ordered to be printed:

To the Congress of the United States:

I hereby report to the Congress on the developments since my last report of December 30, 1998, concerning the national emergency with respect to Libya that was declared in Executive Order 12543 of January 7, 1986. This report is submitted pursuant to section 401(c) of the National Emergencies Act, 50 U.S.C. 1641(c); section 204(c) of the International Emergency Economic Powers Act (IEEPA), 50 U.S.C. 1703(c); and section 505(c) of the International Security and Development Cooperation Act of 1985, 22 U.S.C. 2349aa-9(c).

1. On December 30, 1998, I renewed for another year the national emergency with respect to Libya pursuant to IEEPA. This renewal extended the current comprehensive financial and trade embargo against Libya in effect since 1986. Under this sanctions, virtually all trade with Libya is prohibited, and all assets owned or controlled by the Government of Libya in the United States or in the possession or control of U.S. persons are blocked.

2. On April 28, 1999, I announced that the United States will exempt commercial sales of agricultural commodities and products, medicine, and medical equipment from future unilateral sanctions regimes. In addition, my Administration will extend this policy to existing sanctions programs by modifying licensing policies for currently embargoed countries to permit case-by-case review of specific proposals for commercial sales of these items. Certain restrictions apply.

The Office of Foreign Assets Control (OFAC) of the Department of the Treasury is currently drafting amendments to the Libyan Sanctions Regulations, 31 C.F.R. Part 550 (the Regulations), to implement this initiative. The amended Regulations will provide for the licensing of sales of agricultural commodities and products, medicine, and medical supplies to non-governmental entities in Libya or to
